Ensemble Health Partners Welcomes Advanced Analytics Expert Pieter Schouten

Big Data driven approaches bring innovation to revenue cycle

Huntersville, N.C. (February 15, 2016)—Ensemble Health Partners is pleased to announce that Pieter Schouten has joined as Chief Analytics Officer. Schouten has extensive experience in creating advanced analytics and cognitive computing solutions for firms in the healthcare industry and for Fortune 500 companies.

Prior to joining the Ensemble Health Partners team, Schouten was at Opera Solutions, a Big Data Analytics company. There, he quickly advanced from his initial position to an expanded role as Executive Vice President and established the company's healthcare industry line of business.

Over his 24-year career, Schouten has also served in leadership roles at FICO, Medtronic and two analytics startups. He has led Big Data analytics teams of in the United States and India that specialized in advanced analytics, software development and sales.

"We are proud to have someone with Pieter's unique talents join our team," said Judson Ivy, Managing Partner. "With his Big Data analytics and healthcare industry acumen, he will play a key role in bringing innovative analytical approaches and solutions to our revenue cycle clients. Pieter has a proven track record of developing highly effective healthcare analytic solutions that work with existing technology infrastructures, and he has helped to drive significant revenue, cash and cost improvements."

Schouten received his undergraduate degree in commerce from the University of Virginia and earned his MBA from the Harvard Business School. He is an author and speaker about healthcare analytics.
