HFMA's Peer Review process provides healthcare financial managers with an objective, third-party evaluation of business solutions used in the healthcare workplace. The rigorous, 11-step process includes a Peer Review panel review composed of current customers, prospects who have not made a purchase, and industry experts. The Peer Review status of the healthcare business solution and its performance claims are based on effectiveness, quality and usability, price, value, and customer and technical support.

"We're pleased to have Ensemble Health Partners achieve their HFMA Peer Reviewed designation," said HFMA President and CEO Joseph J. Fifer, FHFMA, CPA.

"The HFMA Peer Review process assures our members, through a rigorous evaluation, that the reviewed healthcare business solution meets an objective, third-party assessment of overall effectiveness, quality, and value."
